

Introduced by Senators Margett and Romero

February 22, 2005

An act to add Section 17933.2 to, and to add Chapter 26 (commencing with Section 15360) to Division 7 of, the Water Code, and to add Section 601.2 to the San Gabriel Basin Water Quality Authority Act (Chapter 776 of the Statutes of 1992), relating to water.

LEGISLATIVE COUNSEL'S DIGEST

SB 822, as introduced, Margett. San Gabriel Basin restoration.

(1) Under existing law, the San Gabriel Basin Water Quality Authority and other public agencies administer or undertake cleanup operations on behalf of the San Gabriel Basin.

This bill would authorize the authority, and those other public agencies, to receive state funds to reimburse those public entities for costs incurred prior to January 1, 2006, in connection with those projects for the purpose of meeting a certain federal requirement for nonfederal matching funds.

(2) The Costa-Machado Water Act of 2000 authorizes the issuance of bonds in the amount of \$1,970,000,000 to finance a safe drinking water, water quality, watershed protection, and flood protection program. Of those bond funds, the act continuously appropriates \$7,000,000 to the Department of Toxic Substances Control for allocation to local agencies for groundwater remediation projects.

This bill would specify that an allocation of funds under that provision to the authority is a grant and not a loan.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.
